

Submitting File

This lesson demonstrates how a student submits a file on UVLe/OVLe under Assignment activity (Advanced Uploading of Files).

Look under the relevant topic

Log in successfully and go to the relevant course. Under a particular topic, you (student) should see an upload activity. It is usually indicated clearly as such, and there's a standard icon (see above) that goes with it.

All files uploaded will be submitted to a plagiarism detection service. (This feature is currently being tested.)
